

Atlas Copco

Compact Oil-free Piston Compressors

LFx 0.7-2.0 series

0.5-1.5 kW / 0.7-2 hp

OIL-FREE AIR FOR A WIDE RANGE OF APPLICATIONS

Built for high performance and a long lifetime, Atlas Copco's range of small-capacity piston compressors provides you with a reliable, oil-free solution for your low air demands. They ensure a highly energy-efficient compressed air production thanks to the unique, patented "Super-flow" compressed air inlet system. The LFx compressors' capacity ranges from 1.02 up to 2.53 l/s (2.16 up to 5.36 cfm), with an optional 1- or 3-phase supply and a maximum working pressure of 10 bar (145 psi). Furthermore, with their small and compact design, they offer maximum installation flexibility.

→ FUNDAMENTALS & BENEFITS

- Standalone use or easy integration in your OEM (Original Equipment Manufacturer) product.
- Unique design and high-quality materials for reliable performance and extra long life.
- Certified ISO 8573-1 CLASS 0 by the renowned TÜV institute: guaranteed 100 % oil-free operation.
- Virtually maintenance-free (no oil change required).
- Clean and quiet operation (62 to 67 dB(A) standard).
- Compact design for trouble-free installation.
- Wide product scope to match your exact needs.
- Worldwide Atlas Copco sales & service network.

Atlas Copco

- The Powerbox serves as a complete replacement package for receiver mounted units or for custom OEM applications.
- Low noise level: 62-64 dB(A)

LFx Powerbox

Options:

- Manifold (including pressure switch, safety valve, pressure regulator, pressure gauge and connections).

- Powerbox mounted on a 20 l internally epoxy-coated air receiver for storing oil-free clean air.
- Wheel set for easy transportation.
- Standard pressure switch for start/stop regulation, safety valve, pressure regulator, pressure gauge and 3 m cable and plug¹.

LFx Trolley

Options:

- Desiccant dryer.
- Galvanized receiver.
- Electronic timer drain.
- Solenoid valve.
- Cable & plug for UK, Switzerland, Italy or Australia.

- Powerbox mounted on a 50 or 90 l internally epoxy-coated air receiver for storing oil-free clean air.
- Standard pressure switch for start/stop regulation, safety valve, pressure regulator, pressure gauge and 3 m cable and plug¹.

LFx Tank Mounted

Options:

- Wheel set.
- Desiccant dryer.
- Galvanized receiver.
- Electronic timer drain.
- Solenoid valve.
- Cable & plug for UK, Switzerland, Italy or Australia.

¹ Standard CE 7/7 plug for 50 Hz / NEMA 5-20 plug for 60 Hz.

Technical specifications

		Maximum dimensions		Weight		Noise level
		mm (W x D x H)	inch (W x D x H)	kg	lbs	dB(A)
Powerbox	LFx 0.7/1.0	520 x 340 x 490	20.5 x 13.4 x 19.3	25	55	62-63
	LFx 1.5/2.0	520 x 340 x 490	20.5 x 13.4 x 19.3	29	63	63-64
